## Digital File Delivery

Great Bear provide our customers with **preservation** and **access** files. If you are unsure what these terms mean, we are happy to advise you.

We recommend **file-based delivery** on hard drive or USB stick.

Please indicate whether

- I will provide a hard drive or USB stick, sent with my tape(s)
- Great Bear supply hard drive(s) or USB stick and the cost will be added to the final invoice

We can provide a CD or DVD of your recordings but there is an additional charge of **£5 per labelled disc**.

Please note that audio recordings which last for more than 80 minutes, e.g. a C90 audio cassette, will require two CDs.
